COMMENTS

Youngshine Media, Inc. ("Youngshine"), hereby voices its continuing support of the allotment plan set forth in the Notice of Proposed Rule Making ("NPRM") released in the above-referenced proceeding on April 19, 2004 (DA 04-1027). The NPRM, issued in response to Youngshine's Petition for Rulemaking, proposes the amendment of Section 73.202(b) of the Commission's Rules to reserve Channel 298A, allotted to Liberty, Pennsylvania, for noncommercial, educational ("NCE") use.

Youngshine hereby re-states its present intention to file an application with the Commission for a construction permit to build the proposed facilities, if the instant proposal is adopted. Furthermore, in the event that a construction permit is awarded to Youngshine, it intends to promptly construct those facilities, begin operating pursuant to Commission authorization and file the appropriate application for a license to cover the construction permit.

In the NPRM, the Commission noted that Youngshine had demonstrated compliance with the criteria established by the Commission in for NCE FM reservation requests.¹ Youngshine

herein incorporates by reference the Engineering Statement of David Dickmann of du Treil, Lundin and Rackley, Inc. (the "Dickmann Statement") submitted as part of its Petition for Rulemaking. As the Dickmann Statement indicated, the proposed station would provide both a first and second NCE service to at least 10% of its proposed service area, and that area consists of at least 2,000 persons. In addition, the Dickmann Statement established a rebuttable presumption that all reserved band NCE FM Class A channels are technically precluded from operating at the reference coordinates for Liberty.

WHEREFORE, IN LIGHT OF ALL CIRCUMSTANCES PRESENT, it is respectfully requested that the FM Table of Allotments, Section 73.202(b) of the Commission's rules, be amended to reserve Channel 298A in Liberty, PA for NCE use.

Respectfully submitted,

YOUNGSHINE MEDIA, INC.
